PART# 353

DOWNSTROKE EZEE FLOW PUMP

NEW

Features

- Versatile Pump, engineered for trouble free use on 5 gallon / 20-25 litre containers with plastic pull out (Rieke® spout) or 2" external threads
- Downstroke operation with fluid discharge when pushing the handle down. Enhanced ease of use & reduced fatigue especially when pumping heavy fluids. It additionally reduces pull out stress on the pump bung
- Heavy duty steel suction tube, with the pump head made from high density polyethylene. Pump head incorporates Nozzle Holder & option to drain back over flown fluid into the container
- Interchangeable Bung Adaptors. The standard bung adaptors can be slid over the pump, when using on containers with external threading. Alternatively, when using the pump on pails with plastic pull out Rieke® spout, the other bung adaptor for Rieke® spout can be used. Choice of 7 adaptors makes the pump good for use with most metal & plastic containers
- Pump length can be extended by over 4" for use on high depth containers, by conveniently sliding the suction tube extender
- Supplied complete with Rigid Steel Discharge Spout & 48" long Spring embedded non Kink Discharge Hose fitted with Non Drip Tip (manual twist on/off)

WETTED COMPONENTS

Steel, Aluminum, Polyethylene, Polypropylene Co Polymer, High Nitrile Rubber, PVC & Acetal

RECOMMENDED USE

Engine oils, gear oils, Diesel and light fuel

DO NOT USE

Water based & other corrosive media
